MY HOME, NOW AND FOREVER

DEDICATION

MR. WILLIAM D. MURCHIE

We, the Senior Class of nineteen hundred and eighty-eight, proudly dedicate the 1988 Retrospect to Mr. William D. Murchie, Director of the Bureau of Institutional Support Services.

Mr. Murchie has been instrumental in helping to make possible all construction at The Home since 1962. Buildings constructed since that time include Lowder Hall, Jackson Hall, Cortner Cottage, American Legion Boy's Residence Hall, and the swimming pool as well as the rehabilitation of many of the older buildings. Mr. Murchie has also been instrumental in updating statutes that control I.S.S.C.H.

The welfare of the children of The Home has been a priority of Mr. Murchie's for 25 years. Many students today don't realize that it is he who is responsible for opportunities and facilities they now enjoy.

Dr. Woodrow Myers, Jr., State Health Commissioner, praised Mr. Murchie highly when he said, "Bill Murchie is a team player, he is extremely knowledgeable and has a great deal of insight into the problems of 'agency survival' ....." Mr. Murchie has always been there for the children of The Home and we appreciate it.

Mr. Murchie began his work with The State Board of Health in 1954. He served as a captain in the U.S. Air Force from April 1951 until February 1954. He graduated from Indiana University with a B.S. in Business Administration in 1942.

We, the Class of 1988, along with the staff, teachers, employees, and all the children of The Home, wish to express our heart-felt gratitude to Mr. Murchie.

Throughout the years the American Legion and Ladies' Auxiliary have provided much appreciated support for the Home and all it's children.

In 1919 the Indiana Department Commander of the Legion appointed a committee to study and work with the officials of the Home for the benefit of the children. Each Commander since that time has appointed a Knightstown Home Committee.

The Auxiliary's Department of Indiana began functioning in 1922 with child welfare being one of their major concerns.

The posts and their members sponsor divisions and individuals throughout the year. Sponsors provide gifts on birthdays and other holidays and hold parties for the children at Christmas time.

Their biggest event is Legion Day which takes place in September each year. On this day there is a variety of performances, games, rides, and refreshments. The money raised goes toward the purchase of Christmas gifts for the children.

This year the Legion has helped raise money for an honor trip to Florida for a week. Highlighting the students stay will be visits to Disney World and Epcot Center.

Among the numerable other things the Legion and Auxiliary do for the Home is the funding of the Retrospect.

Top: Children enjoy one of the many games and refreshment stands at Legion Day.

Middle: The Color Guard from the American Legion Speedway Post #500 performs their drill which placed them runners-up at the National Convention which was held in San Antonio, Texas.

Center Left: The children have fun with the clowns on Legion Day.

Center Right: Santa and his helpers spend time with the children at Christmas.

Left: The many people expressing their enjoyment of the food and rides on Legion Day.

The Alumni Association originated in 1892. And to this year of 1987 - 1988 the Association has been active with the Home and its kids.

Homecoming, the biggest event of the year, was a big success as it always is. The classes of 1937 and 1962 were honored for their golden and silver anniversaries respectively. Joan Bell Hart was the recipient of the "Alumni of the Year Award."

This year the Alumni Assoication suffered the loss of their president, Jack E. Thompson. Mr. Thompson died in his home on Anugust 4, 1987.

Jack Thompson was an active man who gave much of his life to helping others. He will be missed by all.

Top: Swing Choir performing their last performance under the direction of Rick Seaver.

Middle Left: Joan (Bell) Hart speaks a few words after she receives her "Alumni of the Year" award.

Middle Right: Rick Seaver and Dr. Michael Long, both former students, relive their quartet days at the Homecoming dance.

Bottom: One of the big events at Homecoming is the dance, many couples enjoy spending time and chatting with former friends and aquaintances.

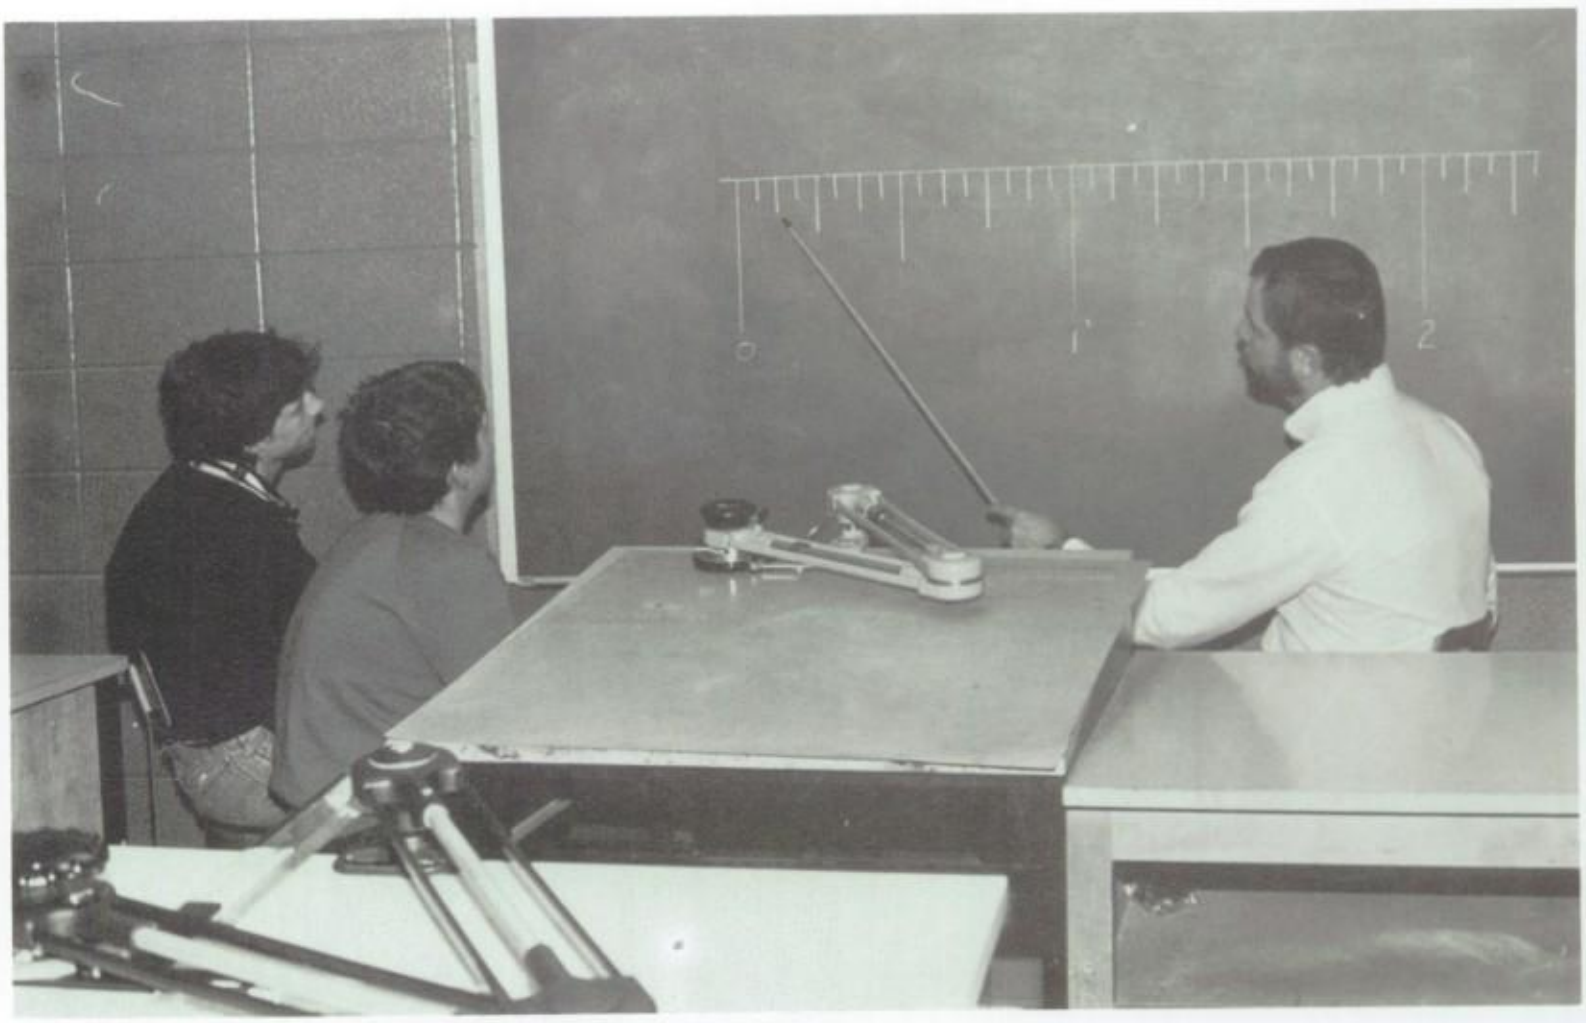
ACADEMICS



One of the primary keys to learning drafting is being able to read a ruler. Mr. Reberger explains the value of measurements when reading a ruler properly to Jason Kramer and Dan Coghill.

Rob Barrows, Tonya Sloan and Peggy Johnson demonstrate the gentle care needed when bathing and dressing an infant in Child Development.

Mr. Cann observes as Peggy Johnson and Kirk Markey test some of the knowledge they have gained in Physics Class.

Before going out to the various employers in Knightstown the students in Business Lab go through different stages of job aspects. Dr. Wittkamper is shown here interviewing Ticy Cox as a potential employee.

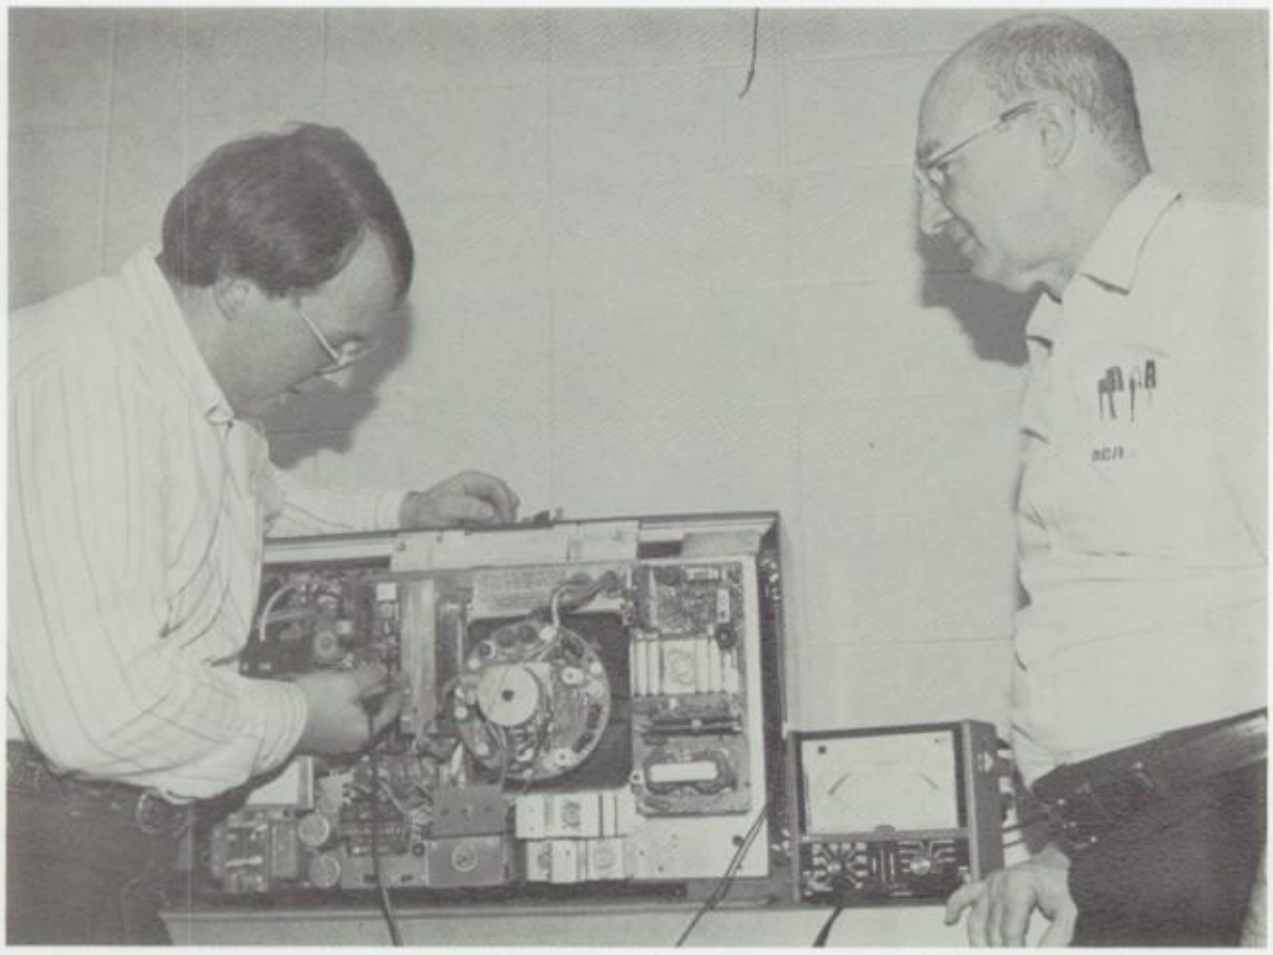
Studying our early ancestory, elementary students build their own villages and dress as our ancestors did in their homemade costumes.

The computer craz has hit MMHS, students enjoy learning as much as possible in Computer Class.

Shown here in the Woods Shop, Mr. Cole is explaining different procedures that are to be followed for safety precautions.

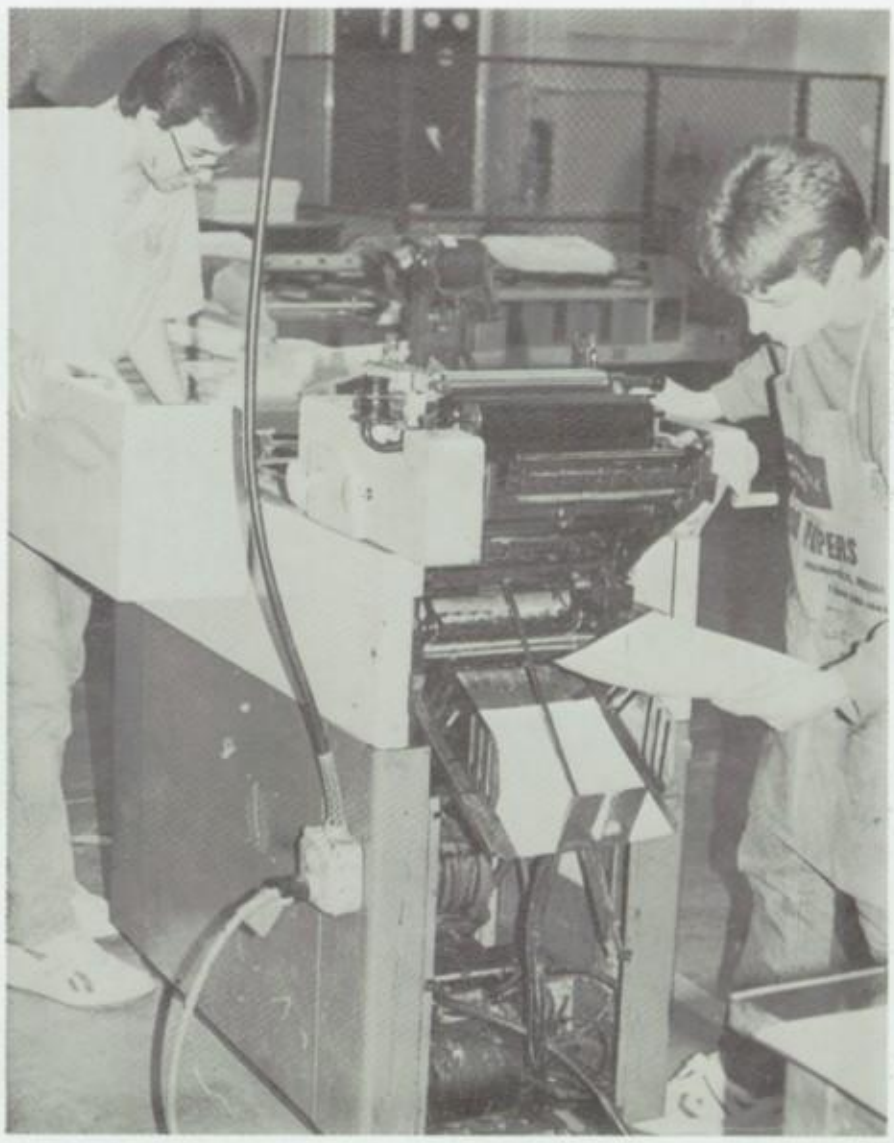
Mrs. Newcomer helps Allsion Curtice put the finishing touches on her prom dress that she has just completed in Advanced Sewing.

The students of Mrs. Lundquist class always enjoys story time.



James Davenport explains the necessity and the purpose of all those little wires hidden in the back of our television sets.

Joe Fischer is all smiles as he gets his hair cut in the Barber Shop by Rene' Harrison.



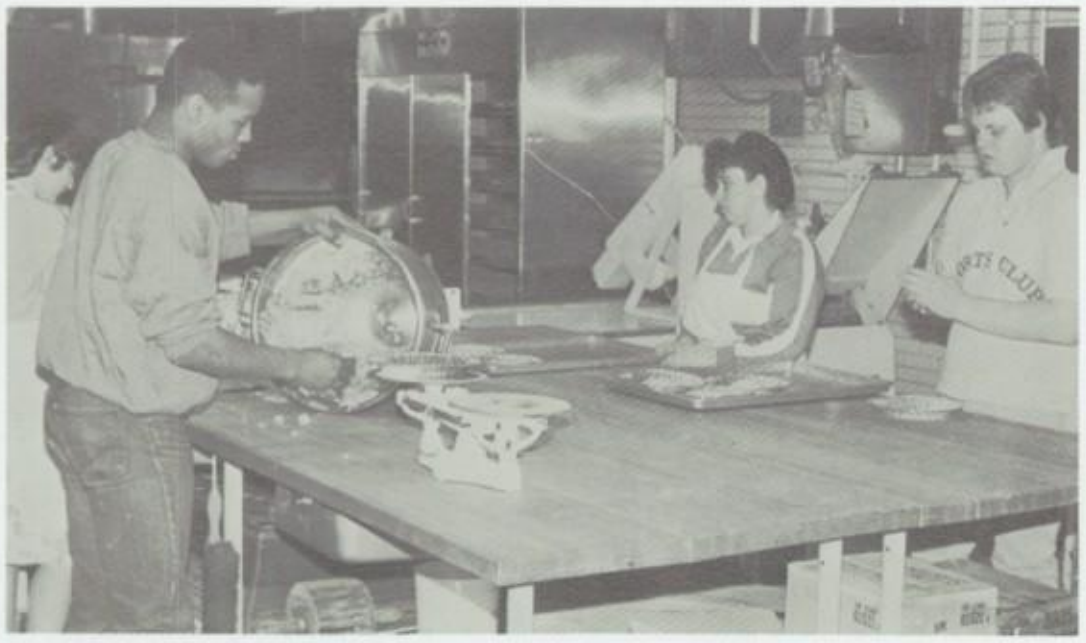
Setting a press up to run right is no easy job, here Rob Barrows and Joe Jones demonstrate the proper procedure.

Right: Mrs. Dooley gives dictation in the Business Lab.

Middle: Building Trades has their hands full building the new lodge at Home Camp.

Below left: Aaron King is practicing the technique of giving a perm to Laura Borders.

On the job training, a dental student assists the dentist Dr. Schroeder as she works on a patient.



Vocational Trades are very important to our education. Shown below are the many different areas which are offered at the Ralph E. Eder Vocational Center.

I COULD NEVER FORGET....

My life goes on and the days pass,
But then I have a day like today,
I pause and remember,
The memories bring a smile and a little sadness, too
I don't ever want to forget the time, tears and dreams
we've shared.

I never want to forget the joy you gave,
I wanted just to return a small part to you!
It doesn't matter that we may never cross paths again.
It only matters that there was once,
You and I,
Ready to take on the world.

No matter how brief our encounter,
I want you to know
I could never forget you!
